CAREGiver of the Month– Vanessa S

We are proud to announce Vanessa S as our April CAREGiver of the Month! Vanessa has been with Home Instead since November 2022. Before joining our team Vanessa had experience in safety & security and wanted to help people out in a different way. Vanessa loves to be around people and enjoys taking care of people like they are family. Vanessa knows that not all people have family to take care of them, and she wants to step into that role or help her clients. Vanessa's favorite part about being a CAREGiver is the bond that you create not only with the client, but

with the family as well. She loves when she walks into her client's home and they smile and are happy to see her! When Vanessa isn't creating incredible bonds with her clients, you can find her hiking, painting, or reading. She especially loves to roller skate and do karaoke with her daughter. Vanessa is a proud mother to 4 kids. Vanessa is our May CAREGiver of the month due to her communication with the office, her ability to connect with her clients, and her high standards of care. Thank you Vanessa!

Quarterly Meeting Recap

Unable to make the Quarterly Meeting last month? Here's a quick recap!

We start off with office staff introductions and quickly moved in to recognition! We shouted out all of our CGs receiving their 1 and 2 year tenure pin and highlighted our 10/10 program (ask Liz for more details!). Congrats to Jane B, Tina R, and Dorothy M; our CAREGivers of the Month this quarter. Aaron then highlighted this years business goals then handed it off to Liz to discuss this years CG Business Goals (ask Liz for more details!). Then, Liz reviewed some business policies before Taylor took over to give you some background about her scheduling process. In the end, we moved into discussion groups and had an incredible time sharing stories and learning more about our coworkers. We are excited to see everyone in July!
